1. Speed kills, so **PLEASE** keep to 4 knots within the bay and launch funnel. Wait until you are clear of this area until you accelerate to speed.
2. Buoyancy aids/life jackets **MUST** be worn at all times, by all users whilst riding or on craft.

6. Launch area to be kept clear at all times. Trailers are to be parked along either the rocks or beach side of the railings whilst your craft is in the water.
7. Report any safety issues or concerns to the committee immediately so they can be rectified as soon as possible.

Your cooperation with this is most appreciated
